

Welcome to Louisville

Below is a general guide to some “restaurant rows” in the city. While there are plenty of places to eat all over town, these three areas have some higher concentrations of restaurants within easy driving of U of L.

Bardstown Rd: From U of L/I-65, get onto Eastern Parkway heading east for about 3 miles before running into Bardstown Rd. Take either a left or a right, and there are plenty of restaurants.

Downtown: There are plenty of restaurants in the downtown area, but there is a particular concentration at 4th Street Live, including bars, bowling, pool, and music. Take I-65 north, exiting at Muhammad Ali Blvd. Take a right at the bottom of the ramp, drive approximately 1/2 mile to 4th Street Live. The easiest parking is found by taking a right onto 5th Street, with the parking structure found approximately 1/2 block down the street on your right.

Frankfort Ave: Get on I-65 northbound, following signs for I-64 east (toward Lexington). After going through the large downtown interchange, take the first exit (Story Ave). This is a one way street, follow to the first light, make a left, then another left at the next light onto Mellwood Ave. Follow back under the freeway to the next light which is Frankfort Ave. Turn right onto Frankfort Ave.

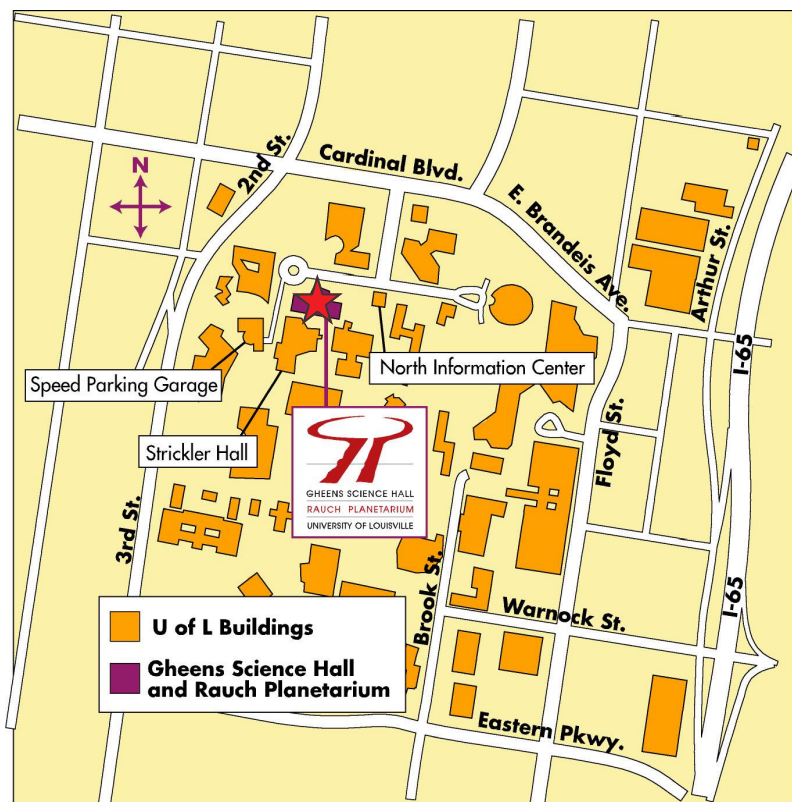

For more information, check out the local Visitors Bureau website at: <http://www.gotolouisville.com/>

Directions to the U of L Planetarium

Latitude=38.2189N, longitude=85.7591W

If traveling north on I-65, take Exit 133B, Eastern Parkway West, and bear right after leaving the ramp. You will be on Crittenden Drive. As you approach the light take the right turn lane onto Eastern Parkway. You will travel about 0.7 mile to the end of Eastern Parkway at a T intersection with Third Street. Take a right onto Third Street. Travel north to Cardinal Blvd. Turn right at that intersection and travel about half a block. You will see the sign indicating the north entrance to the campus just past the School of Music. Enter there, drive to the Stop sign, and the planetarium can be seen on your right. Recommended parking locations listed below.

If traveling south on I-65, take Exit 134, Arthur Street. The exit effectively becomes Arthur Street and runs parallel to I-65. The first stop sign you come to is at Brandeis Avenue. Take a right there. You will pass through a traffic light, go under a railroad overpass, and go through a second traffic light. Just beyond that light is a left turn lane, leading to the entrance to the north end of campus. Enter there, drive to the Stop sign, and the planetarium can be seen on your right. Recommended parking locations listed below.

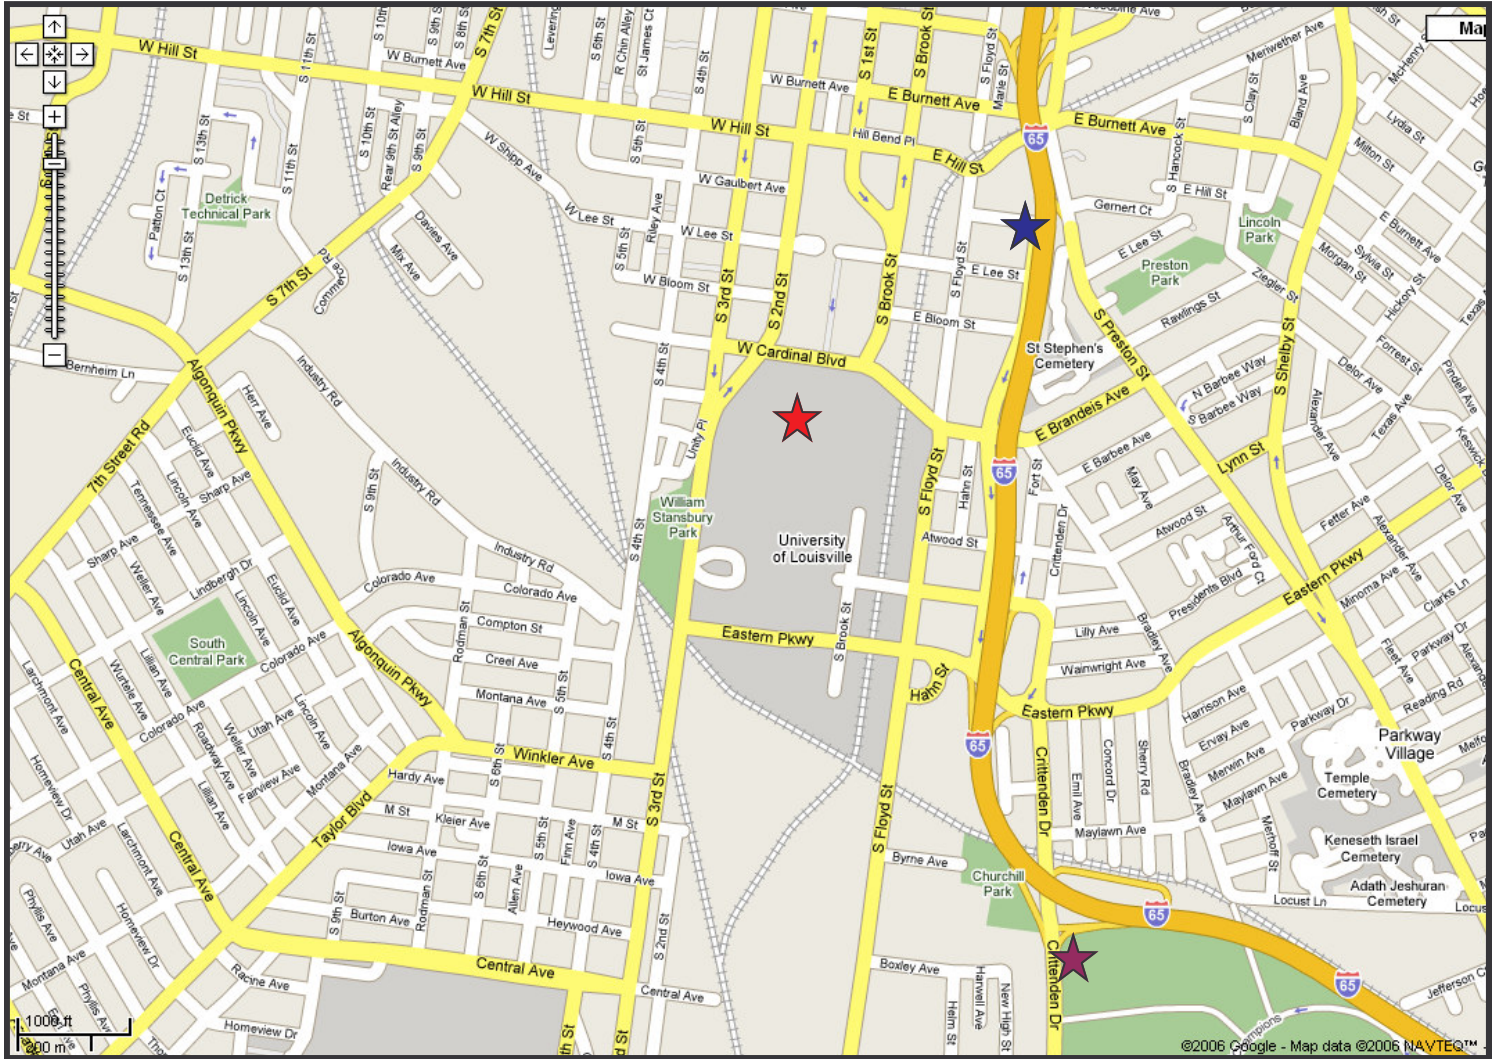

Parking

For those needing parking, it is recommended that you proceed to the Speed Art Museum and use their pay parking garage. The Speed Art Museum is located on Third Street in front of the University of Louisville. The main entrance is off of Third Street just south (or to the right of, as you are looking at the Speed) of the Speed Art Museum - look for the guard shack. The parking garage is immediately west of the planetarium.

Parking rates: \$1.50 per hour, \$6.00 daily maximum, and a \$3.00 flat rate after 4pm, on weekends, and during some Speed Museum special events.

Hotel Locations Relative to U of L

University of Louisville Planetarium Location, for additional details see page 2.

Quality Inn and Suites, see <http://www.qualityinnlouisville.com/> for details and exact location. To get to the Planetarium, take Arthur St south (parallel to I-65), then take a right (west) onto Brandeis Ave which turns into Cardinal Blvd as you pass underneath a railroad bridge. In about 750 feet after the railroad bridge, you will see the sign indicating the north entrance to the campus. Enter there (left-turn), drive to the Stop sign, and the planetarium can be seen on your right.

Hilton Garden Inn, see <http://www.hiltongardeninn.com/en/gi/hotels/index.jhtml?ctyhocn=SDFAHGI> for details and exact location. To get to the Planetarium, head north on Crittenden Dr under I-65, taking a left (west) onto Eastern Parkway. Passing through campus, take a right onto 3rd Street, then a right onto Cardinal Blvd. In about 400 feet you will see the sign indicating the north entrance to the campus just past the School of Music. Enter there (right-turn), drive to the Stop sign, and the planetarium can be seen on your right.
